Preservation Advocacy Request for Assistance

Preservation Austin exists to empower Austinites to shape a more inclusive, resilient, and meaningful community culture through preservation. Our Board of Directors decides to engage in advocacy issues following recommendations from our Advocacy Committee. **Preference will go to issues that fall within our nonprofit's adopted advocacy priorities in a given year, and that align with our mission, values, and capacity for engagement.**

The [FY24 Advocacy Priorities](#) are as follows:

1. Underrepresented Heritage
2. Legacy Businesses
3. Preservation Policy

PA must have a thorough understanding of an issue before engaging in advocacy on its behalf. If you are requesting our organization's involvement, please answer the following questions thoroughly and to the best of your knowledge. The PA webpage "[Preservation Basics](#)" may assist in answering some questions. Submitting this form is the first step in evaluation and does not guarantee PA's involvement. Only official representatives from Preservation Austin have the authority to speak directly on the organization's policy positions.
